

Rotary Wire Stripper

Cosmic 927RX

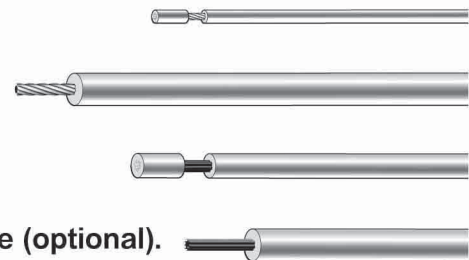

Patented 4 blade rotary head for the cables that are giving you hard times.

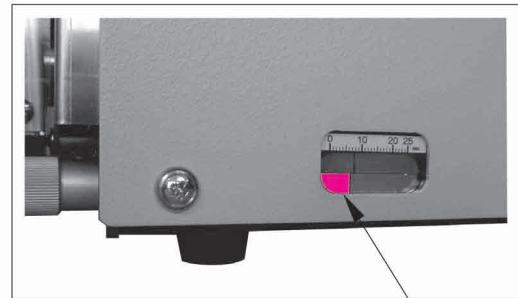

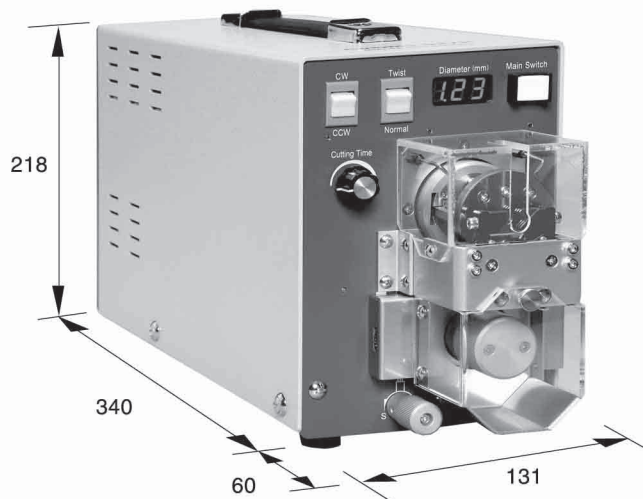

Patent No.3501596(JP)
Patent No.6,508,148 B2(USA)

- Ideal for hard-to-strip cables.
- Operates anywhere in the world with AC100V - 240V compatibility.
- Blades are easy to change on its rotor head.
- Twists conductors stronger than ever!
- Dramatically increased precision and efficiency with an insert guide (optional).
- A compact, easy-to-handle benchtop model.

Cosmic 927RX is specially designed for stripping hard-to-process cables. Its unique stripping mechanism ensures reliable and repeatable stripping quality. Try it now for the cables you're having difficulty with.

Red zone indicator

Technical Specifications

■ Workable Cable Types :	Teflon, Halogen-free, PTE, Others
■ Stripping Length :	1.5 mm - 25.0 mm
■ Stripping Length Increments :	0.5 mm
■ Stripping Diameter :	AWG #10 - #36
■ Stripping Diameter Increments :	φ 0.01 mm
■ Machine Cycle :	Max 1.2 sec
■ Blade Materials :	Tool Steel, Carbide (Optional)
■ Input Voltage :	AC100V - 240V (55VA)
■ Net Weight :	8 kg
■ Dimensions :	131W x 400L x 218H

(Specifications subject to change without notice.)

Special Functions

- Twist or non twist
- Rotation direction
- Rotation time

Options

- Air-blow kit
- Foot pedal
- Insert Guide
- Carbide blade
